Selling

12 BULLS

65 FEMALES

Mervin F. Aegerter, Sales Manager, Seward, Nebr.

Why This Dispersion Sale?

It has not been easy for me to come to the decision of dispersing the Miles-of-View Shorthorn herd. I started the present herd in 1943 with top purchases of the former Miles-of-View herd owned by Mr. George B. Longan. There were ten females in this original group, nearly all young heifers and including some of the very top breeding prospects of the entire herd. In 1945 I purchased the imported bull, Basildon Ransom, whose breeding success had been acknowledged in Scotland before my purchase. At the same time I purchased fifteen dark red Canadian-Bred females and in addition from time to time have selected top individuals from leading herds in this country. The herd has been handled on a practical basis and has rapidly grown in size. It is because of this and my other business interests, which require all of my time that I now find it necessary to disperse the herd in its entirety. In this sale you are the winner because every animal is richly bred and a producer and it is because of this that I do not hesitate to sell the entire herd under the usual terms of the guarantee which you will find listed elsewhere in this catalog.

My sincere thanks go to my many friends that I have made in the Shorthorn business, who so kindly helped me build this fine Shorthorn herd. Especially I wish to acknowledge my appreciation to L. Russell Kelce, owner of Merryvale Farms, and to William Milne, his Manager, not only for all the assistance they have given me in the past but also for allowing me the use of their selling facilities at Merryvale on June 5 also to you buyers for your consideration of their quality.

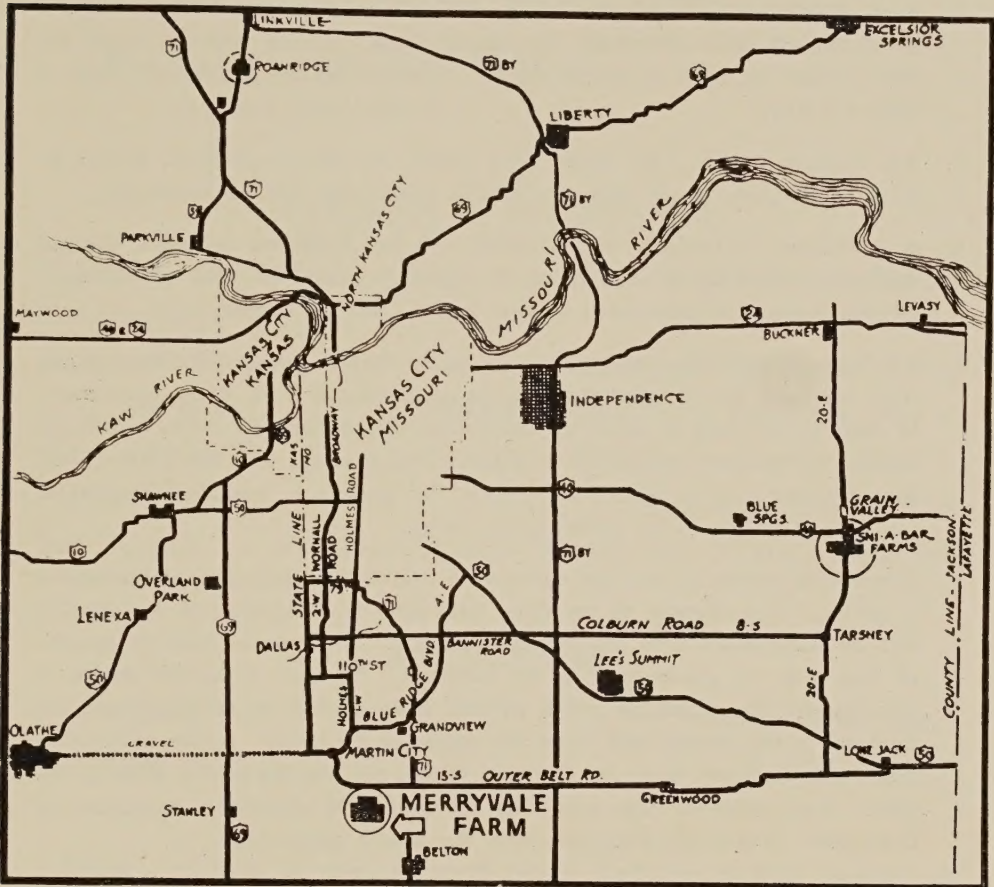

C. J. GIBLIN, Owner.

Here They Are . . .

The kind of grand Shorthorns you have been wanting. There is opportunity in this dispersion sale for every thinking cattleman. Breeding that is proved in individuals that look good and do well can be said about the complete offering. These cattle have been conditioned but for only a few weeks prior to this sale, but their genuine response to feed and care has been astounding. There are only four head of cattle calved prior to 1942. Nearly a third of the offering traces directly to the 1940 Perth Champion Calrossie Prince Peter. Included are fifteen young Canadian-Bred cows acquired about the time of the purchase of the Imp. bull Basildon Ransom. Had the calves by this bull been fitted they would have made a record for their sire. Some enterprising breeder can make a name for himself and his herd by buying this bull on June 5. There are other outstanding females by Scotsman Airman, Craggleton Aspiration and Millhills Senator. You will like some of the young heifers by Miles-of-View Mercury, the son of Edellyn Campeon Mercury. The thirteen bred heifers and eleven open heifers are mostly daughters of this bull and Basildon Ransom. There will be twelve cows with calves at foot and twenty-nine more close to calving. There will be money making cattle in this sale so be on hand June 5 and buy them at your own price.

MERV AEGERTER, Sale Manager.

The Miles-of-View herd will be moved to Merryvale Farms several days ahead of the sale. The following 65 female lots are cataloged by ages for buyers' convenience. Lots 113 to 162 contain the cows with calves at foot and bred cows and heifers. Study the pedigrees carefully and you will realize that this is one of the richest bred cow herds in America, and even though they are not selling highly fitted they will show that they have the quality and individuality to go along with their pedigrees.
